Sustainability Considerations
(AECOM)
WIKIPEDIA:
Sustainability is the capacity to endure. For humans, sustainability is the long-term maintenance of responsibility, which has environmental, economic, and social dimensions, and encompasses the concept of stewardship, the responsible management of resource use.
Sustainability Considerations:

- Environmental = Salvage and Recycling
Sustainability Considerations:

- Economic = $$$
- Jobs in Area (Local Hires)
- Walk Away Solution saves Crown monitoring costs ~500k over 25 Years
Sustainability Considerations:
-Social
