

## WHAT IS MENTORING?

Mentoring is the pairing of a knowledgeable and experienced person (a mentor) with someone who hasn't gained the same knowledge and experience – yet.

The purpose of mentoring is to establish trusted relationships between colleagues to accelerate their personal and professional learning and growth.

Mentoring also provides leaders with the opportunity to gain fresh perspectives, expand networks, and be recognized for improving the professional community.

The Real Property Institute of Canada (RPIC) believes in mentoring. That is why we are offering this program – to enhance professional development and foster leadership within the community.

## REAL PROPERTY INSTITUTE OF CANADA (RPIC) MENTORSHIP PROGRAM

**Connecting. Educating. Advancing.**

The RPIC Mentorship Program connects knowledgeable real property professionals with mentees wishing to learn our industry's best practices.

Mentors will pass down their knowledge to the mentees and encourage them to develop personally and professionally.

Mentorship is a trifecta of positive impacts. It's a win for the mentors, mentees, and the industry.

Participate as either a mentor or a mentee.
