JOIN US AS A PARTNER AT OUR UPCOMING EVENTS!

For over 25 years, the Real Property Institute of Canada (RPIC) has offered professional development (PD) to over 10,000 federal real property professionals in the Government of Canada. We do this by:

- Providing one-of-a-kind **Professional Development events** that address critical issues facing the real property professional and serve as a forum for knowledge exchange, sharing of best practices and network building across the federal real property community.
- Offering a real property-focused **Mentorship Program** that affords real property professionals a unique opportunity to connect with recognized leaders in the community, allowing for professional learning and growth.
- Celebrating excellence and innovation in the real property community through our **Awards and Recognition Program**.

Partnerships are critical to RPIC's ability to successfully deliver quality professional development offerings. As such we are pleased to launch our partnership campaign for 2024.

As a Treasury Board of Canada Secretariat recognized trusted professional development provider, RPIC's partners enjoy networking opportunities with the real property community, from practitioners to senior officials, from both the public and private sectors. The partnership also provides an opportunity to showcase your organization's knowledge, expertise, and experience, thereby expanding the source of professional development learning for the community and access to event registrant information (Name, Email, Company & Title) for those that have consented to share this information with partners.

2024 provides a variety of partnership options to meet your organizational objectives. And if you would like to contribute but aren't sure where to start, we would be pleased to explore potential options with you.

Your partnerships are important to us -- we look forward to hearing from you!
