

## Professional Development Day - Science Assets / Journée de développement professionnel - actifs scientifiques

Wednesday, Sep 27

11:00 AM - 12:15 PM

### Opening Remarks & The Science Asset Class

**Demian Martin**

Senior Project Leader, Public Services and Procurement Canada

**Martin Mihowich**

Senior Director, Laboratories Canada, Public Services and Procurement Canada

**Naim Ghawi**

Director, Policy Operations, Treasury Board of Canada Secretariat

**Nick Liko**

Technical Sales Engineer, Horizant

Opening Remarks 11:00am - 11:10am ET  
Marty Mihowich: Power of coming together, to go further than one could alone  
The Science Asset Class 11:10am - 12:15pm ET  
Naim Ghawi, Demian Martin & Wayne Liko: An Introduction to the Science Asset Class  
How does the Science Asset Class fit into the FAR? Who we are and what are our common challenges  
Science Asset Data

Wednesday, Sep 27

12:45 PM - 01:30 PM

### Preventative Maintenance in Laboratories & Virtual Tour of the Advanced Nuclear Materials Research Centre

**Garry Yaraskavitch**

Sr Director Operations & Infrastructure, Atomic Energy of Canada Ltd

**Sean Cameron**

Equipment Reliability Head, Canadian Nuclear Laboratories

**Steven Bemis**

Preventative Maintenance in Laboratories 12:45pm - 1:05pm ET  
Implementation of a preventative maintenance system at Chalk River Laboratories, and how it reduces costs and increase performance.  
Virtual Tour of the Advanced Nuclear Materials Research Centre 1:05pm - 1:30pm ET  
Case study of the newest AECL Laboratory at Chalk River, from plans to occupancy. The value of a long-term vision and plan for an integrated science campus.

Wednesday, Sep 27

01:30 PM - 02:00 PM

## Sustainability for Labs in Canada & Carbon and Energy Performance Carbon and Energy Benchmarking

**Alison Farmer**

Secretary of the Board, I2SL

**Gordon Sharp**

President, I2SL

**John Alberico**

President, SLCan

Sustainability for Labs in Canada 1:30pm - 1:40pm John Alberico The SLCan organization and value to the Canadian Laboratory Operators. (Air quality advancements, or Application of SLCan Principles to Canadian Laboratories- real example) Carbon and Energy Performance Carbon and Energy Benchmarking 1:40pm - 2:00pm ET Gordon Sharp & Alison Farmer An Overview and Value of the Labs2Zero Program to Lab Operators and Planners. Using the Lab Benchmarking Tool How it Can Be Used to Benchmark Canadian Labs.

Wednesday, Sep 27

02:10 PM - 03:00 PM

## The Accessible Canada Act, (unlocking) delivering value while achieving Universal Accessibility

**Marnie Peters**

President, Accessibility Simplified
